

# LITE-ON®

## eBAU108

**Ultra Slender. Ultra Chic**

### Super-slim, ultra-light, eBAU108 – the most convenient DVD writer ever!

Experience the convenience of the world's lightest DVD writer. Lite-On's eBAU108 is a super slim, super compact, and ultra-light drive that's easy to carry. It's a handy drive to slip into your bag for whenever you need to install an application from disc, backup some videos, or watch a DVD.

The eBAU108 is powered directly by your computer's USB ports so all you need to carry is the world's lightest external drive and a simple USB cable, there is no inconvenient adapter to take. It doesn't need a driver with most operating systems either, just plug it in and you're ready to start.

Lite-On's SMART Burn technology ensures that every disc is burned correctly and our exclusive Link2TV function allows you to connect the drive to your TV's USB port; hold the eject button for a few seconds and use the TV's media viewer to browse the videos, pictures, or music on your disc.

The eBAU108 is the ultimate go-anywhere drive, it's an external DVD burner created to compliment the style of today's modern ultrabooks, touch panel PCs, and slim notebooks. It's so light that you'll forget you're carrying it, but it includes Lite-On's convenient easy-to-use technology.

#### Product Features

- **The world's lightest drive!**

Weighing less than 220 grams, the eBAU108 is the perfect DVD burner to match a small or ultra-light notebook
